CFA	entries in this report	total divided by the count	Fees from SMBS year 1

The average and the largest entry are given together on purpose: a total made of one large payment and nine small ones reads very differently from ten even ones, and the average alone cannot tell the two apart.

By category

Largest first. Share is of the total above, so these add to 100% of what this report covers — not of all income.

Method

How the money moved. An entry with no method recorded is shown as such rather than folded into cash, because the two are not the same thing to anyone reconciling a bank statement.

MTN Mobile Money	17	35,355,249.00	59.0%

Month by month

Every month between the first and last entry, including the ones with nothing in them: a list that skipped those would draw a straight line through the gap and hide the month worth asking about.
